

2

Who are the Solar Angels?

Let us remember that there is

1. A Group Solar Angel
2. A National Solar Angel
3. The Solar Angel of Humanity, which is the Hierarchy
4. The Solar Angel of Earth, which is Venus
5. The Solar Angel of the Solar System, which is a magnificent Star

The Solar Angel is an Initiate of all degrees. It is always in contact with the Lord of Shamballa. It is a reporter. It reports all that goes on in our life.

Our Angels see the face of the Father, the Ancient of Days, every day. If we understand the implication of this statement, we realize how important it is to live a noble life that is a sacrificial service throughout.

Because of the Solar Angel's compassion, It stays with us for ages until we graduate from the school of this planetary life.

Of course, our Solar Angel is also a Traveler on the Path like us, though It is millions of years more advanced than we are. It has Its divine duties and responsibilities. It also has Its lessons to learn in galactic universities.

Every time the Solar Angel is baby-sitting us, It is also “reading books” and may be watching events going on in Cosmos.

Breakthrough to Higher Psychism, p. 51

The Angel within man is sometimes called the Guardian Angel, as explained in fairy tales. It actually exists. Some psychologists refer to this Inner Presence as the super consciousness.

The Solar Angel descended into the third level of the mental plane, and like a mother It embraced the human soul. The human soul was like a spark in the bosom of the Solar Angel. The Solar Angel’s body is like a bud with twelve inherent petals. It takes centuries for this bud to open, but when it opens it becomes a twelve-petaled Lotus. The Lotus is also called the Chalice, and it has twelve electrical energies.

The Solar Angel’s radioactivity organized the physical, emotional, and mental bodies of man. Its energy worked like a magnet to put the physical, emotional, mental, and spiritual atoms into shape. St. Peter called the Solar Angel, “Christ within you, the hope of glory.” This phrase is not referring to Christ, but to the One who changes you from within. Christ is the Solar Angel

of all humanity, just as a Solar Angel serves an individual.

Dynamics of the Soul, p. 254

The Solar Angels came to earth in the middle of the third Lemurian Race. People were confused about this. The Teaching intentionally did not reveal the mystery of the human soul until the year 1966. People thought that the Solar Angels were us, the human beings, despite many hints in the Teaching. People in the beginning of our chaos were endowed by a Monad. They had Monads even if they did not have a mind. Without Monads they could not exist.

Solar Angels came and indwelled in man as Guides, and, for a long time, it was the Solar Angels which acted as man. The Monad was concealed, and the human soul was in preparation for birth.

Karma & Reincarnation, p. 359

The Solar Angel is not the human soul. The Solar Angel leaves the man at the Fourth Initiation, and man becomes an Arhat. If the Solar Angel were the human soul, then could an Arhat exist without a soul?

The Solar Angel is an Initiate of all degrees. The human soul is trying to pass each level one by one, at each initiation, with all his strivings and sacrifices.

Before the Solar Angels came, man was hovered over by the Monad. He had a Monad. But this Monad was not an individuality. It was a Ray activating the hu-

man vehicles by Its power. It had no mind and absolutely no individual characteristics. The Solar Angel came to create a womb for this Ray and individualize him.

When the Solar Angel builds the Chalice, the effulgent Ray of the Monad is conceived in this womb as the seed of the future human soul. And the seed of the Ray begins to develop intelligence, intelligent love, and intelligent power.

This is how the embryo of the future human soul comes into being. The maturation of this human soul will continue until the Fourth Initiation, after which the man will be a free human soul and lead his destiny by his own hands.

The Solar Angel will go do Its own business after accomplishing Its duty — the conception of the human soul, and its preparations for total individualization.

Remember that man existed before the advent of Solar Angels, and will exist after the Solar Angels leave him.

On one planet, the individualization did not take place by the help of Solar Angels. These individualized human beings did not need Solar Angels.

The real meaning of individualization is as follows:

The spiritual Monad is One, universal, boundless Ray. This Ray is the absolute. The Solar Angel takes it in, separates it from the whole, and makes it to develop the “I am consciousness.” This is individualization.

Certain psychologists confuse the Self — the real man — and the Guide within us. This is why they cannot solve many psychological problems existing between the Self and the Guide. The Guide, in occult books, is called the Guardian Angel or Solar Angel.

Some psychologists have another confusion; they think the Self in the human core is the Transpersonal Self, whereas the Transpersonal Self is the Solar Angel, not the human Self. The human Self is the Transcendental Self.

In the early stages of human evolution, the human being is the Solar Angel. It is the one Who uses the mechanism of man, according to the degree of the evolution of that mechanism. The human soul does not even exist, as in the early stages of evolution the man is the Monad and the Monad is not an individuality, but an abstraction, a Plane.

It is the Solar Angel that conceives the human soul by the fusion with the Monadic Ray, and the seed of the future human soul comes into being. In occult books this is called individualization.

Before a person is individualized, he is not a soul; he does not exist as an individuality.

Psychologists often meet the Solar Angel and think they have met the human soul. If all their techniques and attention are directed to a wrong address, they will fail.

The Solar Angel is called “an Initiate of all degrees.” The word “all” refers to the first five Initiations. The Solar Angel is a Fifth Degree Initiate, and because of Its great sacrifice and compassion, It is called a Solar Angel. “Solar Angel” is the name of the office.

Will energy is released only in group formation and for group use. When the human soul becomes group conscious and acts as a member of a group which is dedicated to furthering the Hierarchical Plan and Divine Purpose, he is allowed to call forth will energy which, in expression, turns into the substance of sacrifice. As the man transforms his life and dedicates himself to the service of greater and greater wholes, the will energy releases itself through acts of sacrificial service.

This gives a deep joy to the Solar Angel. It is the release and activation of the will energy that opens the path of the human soul and thus releases the Solar Angel to return to Its Cosmic labor for Its own evolution.

New Dimensions in Healing, p. 285

*Persist and be patient; one minute of
contact with your Angel is equal to many
lives of experience and richness.*

Great is the healing power of the Guardian Angel within us.

The Guardian Angel is called by various names. It is the Solar Angel, a radiant Being, the Meditator Who is in continuous meditation trying to come in contact with the human soul. It is also called the Integrator, the bridge-builder between the human soul and his future glory.

The Solar Angel is a very advanced Entity Who, after going through a great spiritual development, was called to help the animal man: to individualize him and help him progress on the path of evolution.

New Dimensions in Healing, p. 275

On the mental plane are also found many fiery beings and fiery devas of extreme beauty of form and radiations. They are not human yet, but they communicate on the mental plane with human beings. They can even teach people certain sciences. Solar Angels are frequently there, helping people climb the ladder of perfection.

On the higher levels of the mental plane, people directly and visually communicate with their Solar Angels. When they are born, they actually know about their Solar Angels as a faint memory. Very often Masters visit the higher levels of the mental plane, and the knowledge of the Hierarchy is a fact there.
