Conference Attendance Requirements

1. All participants are required to have fulfilled the TSG Ashrams meditation practice for at least six months, starting in November 2021. We will follow the practice of reading, journaling, and monthly reporting. Contact us if you need a copy of the instructions.

Monthly reports on the forum or to the mentor are required for this period. When an individual meditates at least three times per week, journals, and writes a monthly summary, the inner rhythm of dedication is strong, and the psychic energy needed for discipleship work is consistent. This is the energy we want to have for the dedication and blessing and Wesak ceremonies.

You may continue reading from *Teachings of Great Ones* for the preparation period or begin this preparation period with reading and meditation from *World Discipleship — Challenge for the Future*. World discipleship is the topic for our 2022 conference, and we will work from this book during the conference. Your familiarity with the content will enhance your participation.

If we adhere to this practice, all participants will be strong, dedicated, clear in their intent to dedicate the Center and themselves to the work of the Hierarchical Ashrams.

The blessing of the Center requires a strong commitment from each of us. Attendance will be limited to those who have fully and totally committed themselves to be a part of the TSG Ashrams. We are now pledging ourselves to work as world disciples. Your meditation and focus will prepare you for this serious commitment.

As we all agree and adhere to this commitment, our initial blessing of the Center will be strong and will hold for the future requirements of the Teaching.

Please contact me if you need help in fulfilling this requirement.

2. Due to the dangers of transmission of COVID, all participants are required to have taken the COVID vaccines. If we need to practice mask wearing and social distancing, we will do so at the Conference and at all indoor events. There will be no exceptions to this requirement. All CDC regulations will be followed to ensure safety for all participants.

If you are travelling by air, (in the United States or travelling from other countries) please check all airline/travel requirements before you book your flights.
