## What We Believe

---

*Life is an open system.  
Change and growth are possible.  
The future is determined by  
what we do and do not do.*

## WHAT WE BELIEVE

### We Believe In

- God; the eternal creator; God Transcendent and God Immanent, the creator and the inspiration of all that is. We are all children of the One God.
- The immortality of the human soul and the reincarnation of the human soul into mortal existences throughout lifetimes.
- All religions and spiritual traditions flow from the same source and become various rivers of wisdom according to human location and human need.
- The continuity of revelation and the divine approaches: many Great Ones have come to humanity throughout time and place and have provided religious and spiritual guidance to humanity. They have been called by many names such as Christ, Buddha, Prophets, Masters of Wisdom, Avatars, Apostles.

- Christ is the Master Teacher of our Planet. His Teaching is to unify all humanity and connect us to the heavenly realms.
- The path of approach to the Holy Ones is through prayer, meditation, invocation, and evocation; conscious, worshipful prayer.
- Deliberate, mindful seed thought meditation as the foundation of soul development.

- The importance of celebrating holy days with prayer and meditation and study:
  - Easter, the festival of the risen Christ
  - Wesak, the birth of Buddha and the receiving of Buddha's blessings
  - The Festival of Goodwill; the festival of the spirit of humanity
  - Monthly full moon festivals as paths of the revelation of divinity
  - Christmas as the birth of Light
  - Sundays as days of communion and fellowship
